# ARROWHEAD

**Distance:** 0.75 miles

**Restrooms:** Yes

**Stroller Friendly:** Yes

**Wheelchair Friendly:** No

**Playground:** Yes

**Dog Friendly:** Yes

**Location:** Adams-Ricci Park

## **CLUES for your hike!**

1. From the parking area, head past the pavilion to the Nature Trail behind the pavilion.
2. Follow the trail downhill and stay straight on the trail, keeping the wooden fence on your left.
3. The trail goes uphill, curves right, and the river is now on your left.
4. Cross a small bridge, head uphill, and when you reach the top, turn right onto the paved path.
5. At the Y, stay right and carefully cross the road.
6. At the T and Midway Pavilion, turn left. Notice the Butterfly Garden on your left.
7. You will pass the Memorial Pavilion on your right and then turn right on the path.
8. At the Y at the train caboose, stay left and pass the caboose. Take a photo of the caboose for fun.
9. The path winds up and then turns left and around the building. Turn right after the building to stay on the path.
10. The post will be on your right by a tree.
11. Continue on the path in the same direction. Just past the baseball field, turn right on the path and back to the parking area.

Your **SITE MARKER** rubbing should look like this:

## **Did You Know?**

An arrowhead is the sharp, pointed tip of an arrow, but not all pointy stones are arrowheads.

# BATTLEFIELD

DIFFICULTY

MODERATE

## CLUES for your hike!

1. Park in the parking area near the daycare center and the gate. There may be a large white bin to place flags for proper disposal.
2. Start on the path and walk to the next gate. Go straight past the gate and cross over Pine Run.
3. Follow the path, taking the time to read the signs. You will pass 2 gazebos on your right at the top of the hill.
4. There is a very cool Naval propeller on display on your left and an anchor on your left.
5. At the Captain Leon Lock Veterans Memorial circular seating area, turn left and then take the 2nd right onto the path. You will see a large tank on your right. Turn right on the path toward the tank.
6. Follow the path around and at the last bench on your right, the post will be on your left.
7. Continue on the path in the same direction and when you reach the next junction, turn right, passing the flagpole. Keep right and return to the parking area by retracing your steps.

# COAL MINING

DIFFICULTY

EASY

## CLUES for your hike!

1. Park in the stone parking area near the basketball court.
2. Start on the path to the left of the parking area, near the "Welcome to Centerville Park" sign.
3. Stay straight on the path, to keep the pickleball courts on your right.
4. Follow the path as it curves right around the playground. Pass the swing set on your right and continue on the path.
5. Continue on the path and take the left as the path goes toward a field and trees.
6. The path will then curve right toward a fence and then curves right again. You are now walking along the fence.
7. The post will be ahead on your left, at the corner of the fence.
8. Stay on the path and keep walking in the same direction. At the top of a small hill, take the left on the path.
9. Continue on the path back toward the basketball court, then turn left to the parking area.

Distance: 0.40 miles

# FARMING

**Distance:** 1.75 miles

**Restrooms:** Yes

**Stroller Friendly:** No

**Wheelchair Friendly:** No

**Playground:** Yes

**Dog Friendly:** Yes

**Location:** Opossum Lake

## CLUES for your hike!

1. Enter the walking path by going past the large gate, with the dam on your right side.
2. Walk up the gravel path to the top of the dam and then enter the path along the left side of the lake. You will see light blue blazes on trees as it goes uphill.
3. As this path goes up and down hills, just continue to follow the blue blazes.
4. You will pass a post on your right that says 1.5 – keep going.
5. Pass a bench and a sign that says Hardwood Forest next 0.5 miles.
6. Cross over the bridge as the trail wraps around the lake.
7. You will pass a bench on your right and eventually another Hardwood Forest sign. The post will be ahead on your left, just before another bridge.
8. Turn around and retrace your steps back to the parking area.

Your **SITE MARKER** rubbing should look like this:

## Did You Know?

There are 1.9 million farms in the US and 95% are operated by families.

# FLAG

DIFFICULTY

MODERATE

## CLUES for your hike!

1. Park in the first parking area as you enter the park, immediately on your right. Start on the path by the pavilion and turn left, walking toward the flagpole.
2. Carefully cross the park entrance road to the gravel path, with the flagpole on your right and the road on your left.
3. Continue straight past the next intersection. Keep right on the path at the triangle and head up a long hill. Halfway up the hill you will pass a bench on your left.
4. At the top of the hill, stay right at the triangle, with the bench on your left.
5. Continue on the path along the tree line. At the next intersection, stay straight, passing the football field goal post on your right.
6. The path curves right at disc golf basket #8.
7. Turn right at the next intersection by a bench and walk toward the pavilion.
8. Just past the pavilion, turn left and the post will be ahead on your right.
9. Continue on the path, passing another pavilion on the right. Stay on the path back to the parking area.

## CLUES for your hike!

1. From the parking area, head toward the building by the lake and turn left at the first intersection, just before the building. Keep the building on your right.
2. The paved path turns to gravel, bending right with a tree stump on the right and a grass field straight ahead. This is Fuller Field.
3. Turn left off the path into the grass and head straight across the field, staying in the middle of the field. Look for the mowed opening at the far end of the field in the middle of the tree line. You will see a white sign for the trail.
4. Cross the bridge and turn left to follow the trail with the yellow blazes on the trees. You will be going slightly uphill.
5. When you reach a tree with two yellow blazes, turn right. There is a post here that says E39.
6. At the next tree with two yellow blazes, stay left. You will see a tree with a yellow blaze. Watch your step as there are lots of roots as you go downhill.
7. The trail will curve left, narrowing and curving right. As you pass a tree with two yellow blazes, the path curves right and widens.
8. Cross under a tree and keep going. The path curves right again, following the yellow blazes. Cross the wooden bridge and continue as the path curves right.
9. At the next bridge, turn slight right to stay on the path. The post is just ahead on your right.
10. Continue in the same direction with the water on your left. Keep following the yellow blazes.
11. Stay on the path with the yellow blazes and cross a small concrete slab; just ahead will be a large concrete slab.
12. Continue on the path along the water going uphill for a bit. Go down the wooden steps and downhill, then the rock steps.
13. Keep walking down into a small gulley, passing a post, and up the other side. Cross the bridge, go back across the field and back to the parking area.

Visit [www.gocumberland.org](http://www.gocumberland.org) for information on site marker status, directions to parks, and more!

# FOSSIL

DIFFICULTY

**HARD**

## CLUES for your hike!

1. From the parking area, walk toward the bridge for about ten yards and look for the entrance to the trail on your left. The trail goes into the woods, down some rock steps.
2. Start following the yellow markers on the trees. Notice all the beautiful pine trees.
3. Continue following the yellow marked path, eventually coming to a large lake on the right.
4. From the lake, make a small left turn and cross over the wooden bridge.
5. Continue following the yellow marked trail, which will go over rocks, over more rocks, and over more rocks.
6. Keep walking over the rocks, following the yellow marked trail; it's not much farther.
7. As you walk down a slight hill on the path, the post will be found near a tree.
8. To return to your vehicle, retrace your steps to the parking area.

**Distance:** 1.47 miles

**Restrooms:** No

**Stroller Friendly:** No

# OIL WELL

**Distance:** 1.03 miles

**Restrooms:** Yes

**Stroller Friendly:** Yes

**Wheelchair Friendly:** Yes

**Playground:** Yes

**Dog Friendly:** Yes

**Location:** West Pennsboro Township Park

## **CLUES for your hike!**

1. Start on the sidewalk near the pavilion, with the pavilion and play area on your right. Walk toward the flagpoles.
2. Turn left at the flagpoles and then left again. When you reach the path, head straight, through a parking area, toward pavilion 2 with Nicholas Morrison baseball field on your right and a small shed on your left.
3. Halfway through the parking area, take the path to the left, with disc golf basket #16 on your left and #14 on your right.
4. At the next small parking area, carefully cross it to the path just past the pavilion. You will quickly pass disc golf basket #11 on the right.
5. As you walk you will pass a small playground on your right. Stay straight on the wide road/path with the swings on your right.
6. Just past the swings, turn right on the path and then stay left with the open field on the right.
7. Bear right at the next turn, keeping the baseball field on your right. The path goes around the open field.
8. When you reach the area near the flagpoles, make a U-turn/left to stay on the path with the fence on your left and soccer fields on the right.
9. Walk past disc golf basket #4 and follow the path around the fields. Just past the bleachers, the post will be on your right.
10. Continue on the path in the same direction and at the next Y, bear right toward the playground. Take the first left, up a small hill toward the pavilion and back to the parking area.

Your **SITE MARKER** rubbing should look like this:

## **Did You Know?**

*Drilling an oil well typically takes about 50-60 days, starting with site preparation and setting up a drilling rig.*
